

Large International Sales Orders = Cash Flow Challenges for Small Business Exporters

Solution: SBA Export Working Capital Program & Export Express

U.S. small businesses may have opportunities to fill large orders for their international customers. The challenge is handling working capital between the time of order and payment. With the SBA's **Export Working Capital Program (EWCP) and Export Express Loan**, lenders can offer much-needed assistance to fund export transactions for small businesses, with the assurance of 90% guarantees.

- EWCP Transaction-based Revolving Line of Credit can be used to fund 100% of a small firm's direct cost of production. **Maximum loan amount available up to \$5 million**
- Export Express loan can support purchase of inventory, labor, shipping, installation by U.S. personnel, and foreign accounts receivable. **Maximum loan amount up to \$500,000.**

With SBA's help, lenders interested in building long-term relationships with small business exporters can be ready with a solution.
